

## MARBEL FLEX DIA

~ Flexible diamond pad for Marble ~

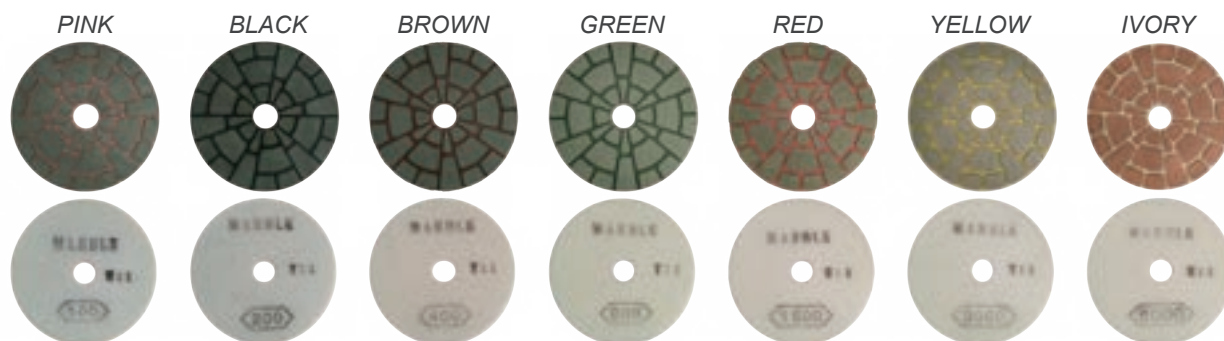

MFD is a flexible diamond for marble produced with the latest soft resin technology.

The diamond of soft resin has not only the largest thickness in the world, but also excellent polishing power and a long service life.

It can be used not only for polishing marble, but also for polishing granite, artificial marble and ceramics.

It is often used for polishing kitchen countertops after chamfering in Japan.

Moreover, polishing steps can be reduced depending on the desired level of finish.

**Specification. Size: 80 mm (3") / 100 mm (4") Grit: #100, #200, #400, #800, #1500, #3000, #6000**

|                    |   |       |  |
|--------------------|---|-------|--|
|                    | 4 Steps (#200, #400, #800, #1500)                     | 70GU  |  |
| <b>Properties.</b> | 5 Steps (#200, #400, #800, #1500, #3000)              | 85GU  |  |
|                    | 7 Steps (#100, #200, #400, #800, #1500, #3000, #6000) | 100GU |  |

## SEKISUI FIT LIGHT TAPE

~ surface protection tape ~

The Adhesive tape is used to protect the countertop and to fix the edges together.

It is an easy hand-tearable tape leaving virtually no residual glue on hands or objects once removed.
